COVER LETTER

December 05, 2023

Dear Sir/Madam:

I am writing to express my keen interest in the Junior Web Developer position at your company. I am eager to seize this opportunity to enhance my skills while contributing my knowledge, expertise, and enthusiasm to support your organization's thriving infrastructure.

I am delighted to inform you that I have recently graduated from the Royal University of Phnom Penh (RUPP) with a degree in Computer Science. During my time at RUPP, I gained a solid foundation in various web development technologies, including HTML, CSS, Bootstrap, Materialize CSS, SASS, Javascript, JQuery, PHP, and Laravel. Additionally, I have a solid grasp of programming languages such as C, C++, C#, and Java, along with experience in database management using MySQL. Furthermore, I possess design skills, having worked with Photoshop.

In addition to my academic achievements, I have one year and six months of valuable work experience from my previous role at BRONX Technology Co., Ltd. During my tenure, I honed my technical skills and collaborated effectively with cross-functional teams to deliver successful web development projects. My experience has reinforced my ability to meet the requirements of the Web Developer role and my commitment to contributing to your organization's success.

Beyond technical proficiency, my education and work experience have instilled in me essential soft skills, including effective communication, teamwork, adaptability, and a proactive approach to problem-solving. I believe these qualities, in conjunction with my technical skills, make me a valuable candidate for your company.

I am confident in my ability to excel in the Web Developer role and contribute to your organization's goals. I am a reliable and responsible individual who is eager to apply my knowledge and experience to excel in a professional work environment. I hope that my qualifications align well with your expectations for this role. Please feel free to contact me via email at vornseyha4758@gmail.com or by phone at 096 409 6066 at your convenience. Thank you for considering my application. I eagerly anticipate the opportunity to discuss how I can contribute to your team.

Sincerely,

VORN SEYHA

VORN SEYHA

Junior Web Developer

Tech enthusiast and aspiring full-stack developer with a strong drive for continuous learning and improvement. Passionate about web development, I have independently built numerous projects showcased in my portfolio website. Committed to becoming one of the best in the field and inspiring young generations. Dedicated to staying up-to-date with industry trends, collaborating with like-minded individuals, and delivering innovative solutions through creativity and problem-solving skills.
